Visteon is an equal opportunity employer committed to a culturally diverse workforce.

Our Vision

A top-three cockpit electronics player delivering a rich, connected cockpit experience for every car from luxury to entry

SOFTWARE VALIDATION ENGINEER – CHIHUAHUA, CHIH. MEXICO (Temporary 12-18 month position)

Primary Responsibilities

- Perform independent product testing
- Perform requirement review and analysis; test setup and preparation; develop test plans; develop test procedures and/or test automation scripts; execute test procedures and developing test reports.
- Develop an in-depth technical understanding of the function of Visteon's electronic products through the process of engineering specification review, developing automated and bench test set-ups, and by identifying product related software issues through the validation process

Typical Duties

- Participate in Visteon's internal System Requirement Document (SRD) peer reviews
- Support Software Requirements Specification (SRS) reviews as required
- Participate in Visteon peer reviews of software validation test procedures
- Ensure closure of software validation issues
- Support defect and product issue resolution as necessary and appropriate
- Support Product Development (PDT) program meetings as necessary
- Support Change Control Board (CCB) meetings as required
- Support Software Release Readiness meetings

Requirements

Experience: Experience desired

Degree Strongly Preferred: Preferred BS Electrical, electronic or mechatronics engineering

Desired Competencies/Experience

- Strong collaborative skills
- Ability to perform requirements review and analysis
- Experience with test setup and preparation
- Ability to develop test plan
- Experience developing test procedures and/or test automation scripts
- Ability to execute test procedures and develop test reports
- Experience working with the major automobile manufacturers (Ford, GM, Chrysler, Nissan, Honda)
- Proficient communication skills

Special Requirements

Must be available to travel within the next few months.
