NPI PROGRAM BUYER – CHIHUAHUA, MEXICO

Primary Responsibilities

Located in Chihuahua Mexico, the NPI program buyer will be the single point of contact dedicated to manage costs and supply base from pursuit of program through launch.

Typical Duties

- Leading purchasing and supplier inputs into the new business pursuit process, including providing competitive cost bill of material and identification of potential cost reduction/design opportunities
- Completing VPDS and program milestone requirements in support of program timing
- Program management of supply base during program development and launch of forward model programs
- Responsible for delivering and managing competitive cost design changes quote through implementation
- Identifying cost reduction opportunities through support of TQCM/VAVE, supplier workshop, and site audits
- Supporting operations during program launch in all supplier related issues

- Supporting purchasing activities within Visteon program development system
- Defining and manage competitive cost inputs into bill of material, supplier negotiation and cost estimating
- Purchasing program manager for supply base, ensuring program deliverables cost, quality, and timing are met
- Building trust and lasting relationships with key stakeholders
- Developing and improve regional/global purchasing process and work instruction. Promoting corporate practices

Requirements

- Five or more years of relevant purchasing management and costing estimating experience (program purchasing manager, program manager, account manager, cost estimator, engineer)
- Market knowledge – electronic and mechanical components
- Advanced negotiation skills
- Value chain/total cost analysis
- Program/project management
- Travel – Americas region, as required

Degree Strongly Preferred:

Bachelor's degree in engineering or business administration

Special Requirements

Flexibility in working hours to work with a global team may be required
