

SmartCore™

Visteon®

# SmartCore™ Trends

More electronic  
control units

Increase in cockpit  
electronics  
complexity

Software  
modularity

Reaching cost and complexity tipping point – driving module consolidation

# Our SmartCore™ Value Proposition

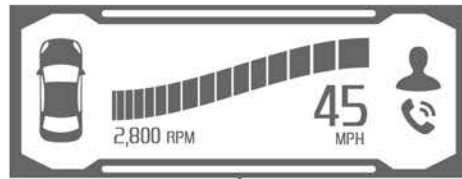

Visteon®

- First to market with cockpit domain controller technology
- System-level cost and efficiency benefits
- Seamless user experience
- Scalable and flexible design
- Secure and upgradeable

Bringing efficiency, safety and easy interaction to next-generation cockpits

# SmartCore™ Consolidation Example

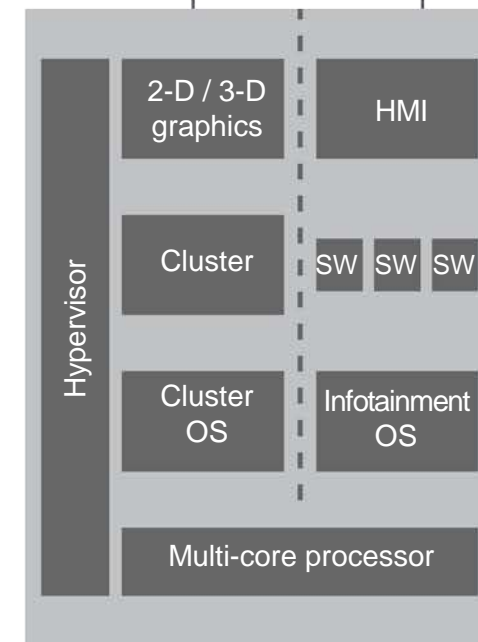

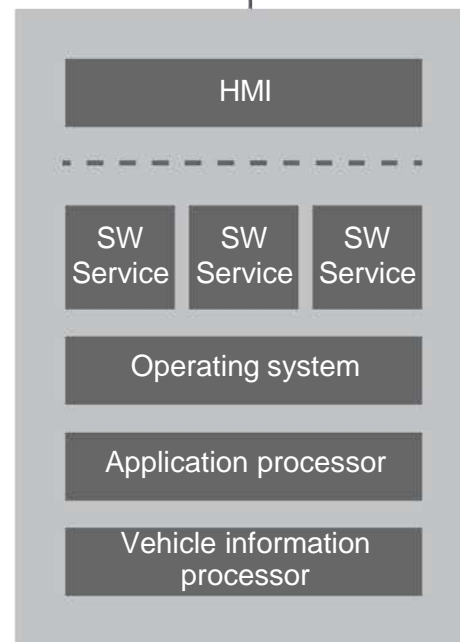

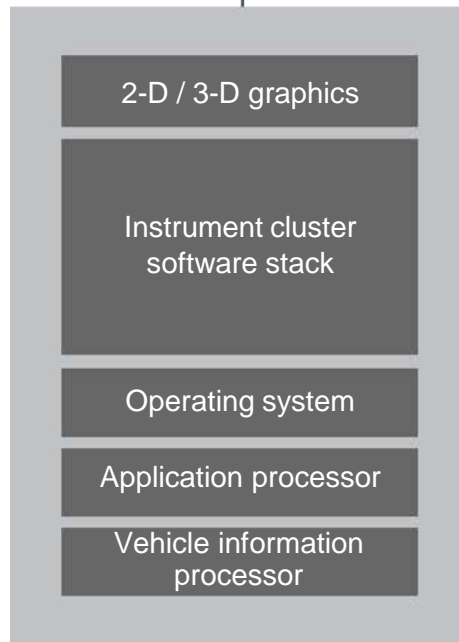

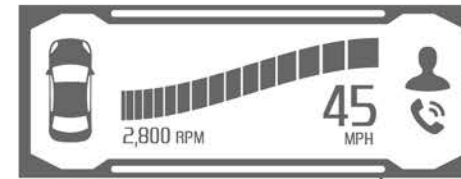

All-Digital  
Instrument Cluster  
ECU #1

Central Information  
Display (CID)  
ECU #2
